SELETTI

Ever since it was established in 1964 in Cicognara, Mantova, SELETTI has pursued its mission of making the most of professionalism, service and above all an endless product research, striving for improvement, innovation and **originality**. The company focuses on design projects and on the creativity which characterises Italian excellence. The collections contain **art** blended with **daily life icons**, objects that send a message of shape and function while **conveying** to its customers the vision for creating a unique, **personal**, fun lifestyle. Today Seletti aims at a new kind of production and daily life, an on-going journey within the idea of beauty.

Seletti has expanded its **LIGHTING** collection, including the iconic **Monkey Lamps**, now available in black for indoor/outdoor use. Focusing on a “collection within a collection”, the new designs reflect the distinguished Seletti style, with contributions from both Italian and international designers. Inkeeping with the Seletti brand, the new lighting items are decorative, fun conversation pieces. **Floralia** is a playful and elegant string light made of precious glass flowers, a reference to the games celebrated in ancient Rome in honour of the goddess Flora. On a similar note, **Sagra**, the new “Italian-style” string lights, evoke the flags and lights of small town fairs. Seletti prides itself on collaborations with innovative designers. **Street-Life**, a traffic cone shaped table lamp, is a wonderful metaphor for life; inviting us to break routines, changedirectionsandembarkon“newadventures”. In addition to the strong creative content, all products are manufactured according to the latest certified technologies in the LED industry. Functional, artistic and unique—the Seletti **LIGHTING** collection is an ideal assortment to showcase in furniture stores, accessories shops, department stores and boutiques.
